a one minute recorded message emanated which was extreme right  
in its political presentation which concerned the discriminatory  
practices in the South against the white man, and how white  
people would feel the federal boot when the Civil Rights Act

"LET FREEDOM RING"  
RECORDED TELEPHONE MESSAGE  
CLEARWATER, FLORIDA

ReTPairtel 8/10/65 captioned as above.

b6  
b7C

On 10/15/65 [redacted] Clearwater, Florida, advised that the captioned organization with Post Office Box 395, Largo, Florida, was putting out a recorded message over the phone, in which Director J. EDGAR HOOVER was quoted in relation to the United Nations. She was contacted by an Agent and she advised that the person behind these recorded messages is [redacted] with offices at [redacted] [redacted] Clearwater, Florida.

She said it was her understanding that he is a leading figure in the John Birch Society.

The Agent dialed the number for "Let Freedom Ring" and the message substantially is as follows:

October 24, 1965 has been designated United Nations Day and they begin an attack against the United Nations. The United Nations is a Russian beachhead on American soil and "no other than JOHN EDGAR HOOVER, Director of the FBI, has called the United Nations a front for Communist spies." It continues a quote from Lord BEAVERBROOK "Here in New York City you have the biggest fifth column in the world." From this point on they tear into the United Nations. They suggest flying the American flag at half mast on United Nations Day. For a copy of the documentation against the United Nations, one is encouraged to send \$1.00 to "UN-Trojan Horse," P. O. Box 395, Largo, Florida. The announcement also says that if the listener wants to help continue these telephone messages, he should send his contribution to the same address.

The voice on the recording is that of a woman, not a young voice, nor does it sound like a professional announcer.

Miscellaneous

On October 15, 1965 [REDACTED] Clearwater, Florida, home telephone, [REDACTED] studio, [REDACTED] Clearwater, telephonically called the Tampa Division and advised that the organization "Let Freedom Ring", telephone 446-9197, was putting out a recorded message over the telephone in which John Edgar Hoover was quoted in relation to the United Nations.

On October 15, 1965 [REDACTED] was contacted in Clearwater, and she advised that the person behind these recorded messages is [REDACTED] offices [REDACTED] Clearwater. It is her understanding that he is a leading figure in the [REDACTED] (NOTE: [REDACTED] residence is listed as [REDACTED] Florida.)

SA [REDACTED] dialed 446-9197, and the message substantially is this: October 24, 1965 has been designated United Nations Day, and they begin an attack against the U.N. The UN is a Russian beach head on American soil and "no other than John Edgar Hoover, Director of the FBI, has called the United Nations a front for Communist spies." It continues a quote from Lord Beaverbrook, "Here in NYC you have the biggest 5th column in the World."

From this point on (that is all the quotes) they tear into the UN. They suggest flying the American flag at half mast on UN Day. For a copy of the documentation against the UN one is encouraged to send \$1.00 to "UN-Trojan Horse", P. O. Box 395, Largo, Florida. The announcement also says that if the listener wants to help continue these telephone messages he should send his contribution to the same address.

The voice on the recording is that of a woman, not a young voice, nor does it sound like a professional announcer.

## ACTION SUGGESTED:

Advise Bureau of above after consideration of other material we may have in our files on the matter.

## "Let Freedom Ring" Criticizes UNICEF

The United Nations Children's Fund, which was awarded the Nobel Peace Prize yesterday, is being labeled "the worst goblin of all" by a right-wing "Let Freedom Ring" telephone mes-

sage in Clearwater.

In the "Let Freedom Ring" message, a woman's voice says UNICEF "get gullible American parents to permit their children to go panhandling on Halloween

for the world welfare state instead of the traditional American trick or treat."

It ends with the solemn statement that UNICEF money "like scrap to Japan before World War II, may come back to your children from the iron curtain in the form of bullets."

The message urges people to send "25 cents in coin" to "The UNICEF Fraud" and gives a Largo post office box number.

In September, "Let Freedom Ring," which was founded by Dr. William Campbell Douglass, Sarasota, used messages attacking the PTA.

WILLIAM CAMPBELL DOUGLAS  
"LET FREEDOM RING"  
SARASOTA, FLORIDA

At 1:05 P.M. this date, Inspector J. A. SIZOO, Domestic Intelligence Division at the Bureau, telephonically contacted me and made reference to Tplet of 10/18/65 concerning a recording of WILLIAM CAMPBELL DOUGLASS called "Let Freedom Ring."

DOUGLASS apparently stated in his message that "No other than J. EDGAR HOOVER, Director of the FBI, called the United Nations a front for Soviet spies."

Mr. SIZOO said that apparently DOUGLASS is misusing the testimony of the Director on 3/4/65. Mr. SIZOO instructed that we immediately correct this statement with DOUGLASS and firmly impress upon him that the Director did not say that the "United Nations is a front for Communist spies." We are to instruct DOUGLASS that he should cease immediately using the Director's name in any such messages.

SIZOO requested that immediately following the contact with DOUGLASS in which we set him straight, that a carefully worded teletype be sent to the Director so advising of the action taken.

**WILLIAM CAMPBELL DOUGLASS;

RACIAL MATTER**

WILLIAM CAMPBELL DOUGLASS, M.D., was contacted at his office, 1812 Hillview Street, Sarasota, Florida, on November 1, 1965, by SAs [REDACTED] and [REDACTED]

b6  
b7C

SA [REDACTED] advised Dr. DOUGLASS that this call was in reference to his Let Freedom Ring message for the week of October 12, 1965, which, among other things, stated, "No other than J. EDGAR HOOVER, Director of the FBI, has called the United Nations a front for Communist spies." He said he recalled that particular message. SA [REDACTED] told Dr. DOUGLASS that Director HOOVER expressly requested that he be contacted and advised that Mr. HOOVER did not make this statement.

b6  
b7C

Dr. DOUGLASS stated that the information attributed to Mr. HOOVER in the Let Freedom Ring message was not intended to be a direct quotation; but he recalled that Mr. HOOVER did say something similar to this before a Congressional committee, which was published in the Congressional Record.

Dr. DOUGLASS was also requested by SA [REDACTED] to discontinue the use of Mr. HOOVER's name in any future Let Freedom Ring messages. [REDACTED] said he knew of no legal steps that could be taken to prevent him from quoting material printed in the Congressional Record or other public sources. He said that in the future he would attribute nothing but direct quotations to Director HOOVER.

b6  
b7C

Dr. DOUGLASS further stated he was very sorry if he incorrectly attributed something to Mr. HOOVER, since he has nothing but the highest regard for him and the FBI. He stated he feels that Mr. HOOVER is one person who is "on our side -- the American side."

Above individuals came into Tampa office 11/1/65 and were interviewed by SAs [redacted] and me. They said they had recently interviewed [redacted] Sarasota, in connection with the "Let Freedom Ring" recording which is set up in the Fort Harrison Hotel, Clearwater. They went to Sarasota for the interview with Dr. D. DUGLAS on behalf of the school paper. He acknowledged to them he is the leader of the "Let Freedom Ring" program and that he is also the local section head of the John Birch Society. He solicited the interest of the students and gave them some tickets to an affair to be held 11/19/65 at a country club in Sarasota when LESTER MADDOX, Atlanta Ga. segregationist, is to speak. He urged them to sell some tickets to this speaking. The two students came here because they thought Dr. DUGLAS's activities might be of interest to the FBI and wanted to advise that they are on good terms with him and could possibly get from him any information desired. They were advised that the John Birch Society is not under investigation by the FBI, nor is "Let Freedom Ring", nor Dr. DUGLAS. They were told we would be interested in any information they might receive re any subversive movement or anyone's advocating violence.

November 8, 1965

Mr. J. Edgar Hoover  
Federal Bureau of Investigation  
Washington 25, D.C.

Dear Mr. Hoover:

I received a visit from [redacted] of your Sarasota office on Monday, November 1, 1965. [redacted] was, as usual, courteous and friendly.

b6  
b7C

I deeply regret any embarrassment or inconvenience that our Let Freedom Ring! broadcast of October 12, 1965 may have caused you. We did not quote you as saying the United Nations was a nest of communist spies but paraphrased your remarks before the S.I.S.S. Committee in May 1960 in which you said, "But, they are, in fact, carefully selected envoys of the International Communist Conspiracy trained in trickery and deceit and dedicated to the concept of fully exploiting the freedoms of the countries they seek to destroy. It is too much to expect that they would not subvert the United Nations."

As our telephone broadcasts are only two minutes in length, long direct quotes are often difficult to use and paraphrasing is necessary. We do not feel that our paraphrasing distorted the remark by you before the S.I.S.S. Committee. Our exact words were, "None other than J. Edgar Hoover, Director of the FBI, has called the United Nations a front for communist spies..."

As you know, Let Freedom Ring! has consistently supported the FBI in every way. We now have 60 outlets across the land and an estimated 50,000 callers a day. Our stations are run by some of the finest patriots in our land, as you can ascertain with a check by your people.

b6  
b7C

I gathered from [redacted] remarks that you want us to refrain from using your name in any future Let Freedom Ring! broadcasts. If you feel that the use of your name, even in direct quotes, by our organization will be detrimental to the FBI, then we will certainly comply with your wishes.

Rest assured that we pray for your continued good health and able direction of the Federal Bureau of Investigation.

Yours respectfully,

LET FREEDOM RING!

William Campbell Douglass, M.D.

NOV 1965

Informant's report set forth herein exactly as received, except for corrections in grammar or spelling.

October 22, 1965

Around 300 persons were present to hear John H. Rousselot speak at a John Birch Society-sponsored meeting at 8 p.m., October 21 in Neptune Room at Bayfront Center, St. Petersburg.

The major portion of his address dealt with the background of the formation of the W U. N. He also pointed out that no U. N. action had been taken in cases where the communist world was concerned, such as Hungary, Red China's invasion of Indian border. He was critical of barbarous actions of UN troops in Congo.

✓ He quoted J. Edgar Hoover frequently. One statement he referred to was in regard to UN being center of subversive activities for communist nations in U. S. He mentioned Bang-Jensen case and reported that Bang-Jensen had talked with Allen Dulles.

In mentioning the list of persons assigned to work toward an organization for world peace prior to close of WWII, he listed only Dean Acheson as not being a communist.

Several times he referred humorously to the "secret" meetings of the John Birch Society.

During question and answer periods he was asked why U. S. didn't declare open war in Viet Nam since we had so many troops there. He admitted that it was in violation of constitution but that there were legal complications at this point since troops were already in. He felt we could win in Viet Nam if we wished. He said until a few months ago weapons we were using were obsolete. He indicated that letters from soldiers told of instances when they were told not to fire on enemy, such as our troops passing group of Viet Cong on road and neither side firing on one another. He agreed that it was odd that we would engage in conflict so many miles away and yet do nothing about Cuba. He agreed that the CIA had made a lot of mistakes and said that in Cuba there had been one portion of CIA working with Castro and another portion working against Castro.

✓ At one point in talking he referred to the fact that the Overstreets had been communists. Later, he said their background

wasn't important and that the important thing to do was to present the facts the Overstreets omitted.

He hoped that those present who weren't John Birch members would visit some of the John Birch meetings. If they didn't agree with some of the points made, they were perfectly free to express their dissident opinion.

Regarding Earl Warren, he said all that the John Birch Society wanted was to have congress, via constitutional means, try Earl Warren because Earl Warren was distorting meaning of Supreme Court. The JB Society wasn't trying to do away with Supreme Court. If the trial were held openly then one side or the other would be proven to be correct.

Sitting at the head table were: ✓ Jerry Schomp (see news story); ✓ Dr. Douglass from Let Freedom Ring who was introduced as being head of JB Society for that area; Claude Boring; Mrs. Florence Post.

Literature for sale on the table in reception room to Neptune Room included: The Politician; a \$1.00 package on the U.N.; and the Blue Book, etc.

Enclosed is material handed out to each person who entered.

Majority of persons present were of senior citizen and middle age.

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", obtained by dialing St. Petersburg, Florida telephone # 896-1373 is set forth as follows:

While President Nixon has been careful not to put many members of the Council on Foreign Relations in his Cabinet, he has created a special position for CFR member Arthur Burns, giving Mr. Burns authority over the entire Cabinet and in effect making him the Assistant President. This arrangement which gives the Council on Foreign Relations influence in Cabinet decisions was master-minded by none other than CFR member Nelson Rockefeller. According to the Wall Street Journal commenting before the election on Rockefeller's plan the position now held by Burns amounts to a prime ministership. In essence, we now have a CFR non-elected second President. President Nixon shocked his conservative supporters by packing his administration with members of the conspiratorial Council on Foreign Relations. His Secretary of Housing, George Romney, his Chief Negotiator in Paris, Henry Cabot Lodge, the Ambassador to NATO, five top State Department positions, his Ambassadors to Saigon and Moscow, the Chairman of the Atomic Energy Commission, the Director of the Arms Control and Disarmament Agency, the Chairman of the Civil Rights Commission and the Supreme Allied Commander in Europe are all members of the Communist accommodating CFR in which President Nixon now denies membership.

Edgar Ansel Mauer in his column of March 13, said "One thing is certain, a large section of those Americans who supported Nixon against HHH are already convinced that they made a mistake." As Representative James Utt says, "There has been some new paint applied but the termites are still working beneath the surface".

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on June 11, 1969 by dialing St. Petersburg Telephone Number 896-1373.

"Let freedom ring. What man should be so callous or irresponsible or just plain un-American enough to encourage and protect by judicial law the staging of protest demonstrations in classrooms. One such man is William O. Douglas, Associate Justice of the Supreme Court. Although encouraging anarchy in the classroom is bad enough, this is moderate compared to some of the behavior, both judicial and non-judicial, of Supreme Court Justice Douglas. Justice Douglas has proved to be one of the most obnoxious exhibitionists in the history of our nation. America's left-wing press has puffed up Douglas over the years as a great outdoorsman and conservationist, but as American Opinion Magazine states, quote, 'His travels are merely a front for his advocacy of the straight communist line, which is unmistakably present in his judicial decisions, his writings, and his public speeches', unquote. Douglas has hewn to the communist line so closely that it is difficult to distinguish him from Gus Hall and The Communist Worker, now known as The Daily World. He has praised the kangaroo courts of Soviet Russia. When the Red Chinese were killing Americans in Korea, he called for the recognition of Red China, and the disarming of Nationalist China. Douglas has called for America to feed the Red Chinese, and he even participated in the communist-directed peace march in New York at which an American flag was burned. In succeeding reports, we will look into the highly questionable dealings and pro-communist career of Supreme Court Justice William O. Douglas. For more information on Douglas and our revolutionary Supreme Court, send thirty-five cents in coin to Supreme Court, Box 1775, Sarasota, Florida, 33578. Let freedom ring."

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on June 23, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. The American press, as usual, is telling only half the story of the Justice William O. Douglas scandal. Justice Douglas has had sources of income other than the Las Vegas gambling tables mentioned last week. Douglas heads up the Fund for the Republic, which has a center in Santa Barbara, California that promotes racial and communist revolution under the guise of humanity. Douglas funneled money from the Parvin Foundation which also piously claims to be advancing democracy into his other front, the Fund for the Republic. In fact, the Fund for the Republic has been the second largest recipient of cash from Douglas' Las Vegas humanitarians. This tax-free loot makes its way from the Fund for the Republic treasury into revolutionary communist manipulated groups and, of course, into Justice Douglas' pocket. His total take from these tax-dodging shenanigans is unknown, but we do know that he has been paid fees as high as \$500 a day by his tax-exempt Fund for the Republic. Justice Douglas has disgraced himself and the High Court which he represents. He should, like Abe Fortas, resign before he is impeached.

Next week, we shall conclude the ugly story of the Supreme Court and its fall from honor to national disgrace. For additional information on Douglas and the other members of our revolutionary Supreme Court, send 35¢ in coin to Supreme Court, Box 1775, Sarasota, Florida, 33578. Let Freedom Ring."

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on June 17, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. Supreme Court Justice William O. Douglas, like his good friend, Abe Fortas, has some interesting financial connections. In 1966, it developed that Douglas was receiving \$12,000.00 a year from the non-profit Parvin Foundation which has ties with Las Vegas gambling interests. This would appear to be a highly questionable source of income for a Supreme Court Justice who is well paid by the American people to interpret the law. Alfred Parvin, the donor and for whom the foundation was named that paid Douglas, was named as an alleged co-conspirator in a stock manipulation case with Lewis Wolfson. This is the same Wolfson in the famous \$20,000.00 a year payoff to former Justice Abe Fortas. When it leaked out that Douglas has interesting financial ties either directly or indirectly with Wolfson and Fortas, the secretary of the Parvin Foundation quickly announced that he would have an independent analyst demonstrate Douglas' benefactor, the Las Vegas connected Parvin Foundation, was beyond reproach and the so-called independent analyst turned out to be one Carolyn Agger. Carolyn Agger happens to be Mrs. Abe Fortas. Not suprisingly, Mrs. Abe Fortas found nothing wrong with Douglas' other employer, the Parvin Foundation. Douglas was renamed President until recently when for some reason, he decided to resign. Douglas is also mixed up with another shadey outfit called, The Fund for the Republic.

More on this and Douglas' pro-communist activities next week. Meantime, for more specific information on Justice Douglas and the nine-man dictatorship called the Supreme Court, send 35¢ in coin to Supreme Court, Box 1775, Sarasota, Florida 33578. Let Freedom Ring."

A recording of the message entitled, "Let Freedom Ring" was obtained on July 1, 1969 by dialing St. Petersburg, Florida telephone # 896-1373.

"Let Freedom Ring. The Supreme Court in America has led America into anarchy. It has given communist revolutionaries the green light, changed our schools into racial battlefields and dipped our children into the cesspools of pornography. This severe criticism contrary to what you read in the press, is not just for Burchers and other conservatives but from attorneys and judges throughout the land. Even Supreme Court Justices themselves have pointed with alarm at the majorities blatant violation of the Constitution. Dissipation of the power of Congress and the courts destructive and irrational approach to law. The conference of state chief justices even went so far as to say that the Warren Court, through making its own laws, is a threat to the very survival of the country as a Republic. In our opinion, while destroying the Constitution of the U.S., the Warren Court has consistently made decisions which seem to uphold another document, that document is the communist manifesto. The communist manifesto calls for the abolition of private property. Following this philosophy, the court has ruled that home owners do not have the right to rent or sell their property to whomever they wish. A man's property can be taken from him by a public agency and turned over to another person and a company cannot dismiss employees even though they threaten to dynamite the company's property. Apparently going along with communist

A recording of the message entitled, Let Freedom Ring was obtained on July 8, 1969 by dialing St. Petersburg, Florida telephone # 896-1373.

"Let Freedom Ring. The Ford Foundation is considered by most Americans to be a great philanthropic organization, working for the betterment of mankind. But is it? It is now common knowledge that men of wealth use foundations as a means of evading taxes. Some of these foundation are now being used to pour tax-exempt money into Communist revolutions threatening to destroy America. The Ford Foundation is the leader in this wrecking crew, bent on imposing a totalitarian dictatorship on the U.S. Foundations must remain out of politics in order to keep this tax-exempt status. The Ford Foundation, in brazen disregard to the law, poured a small fortune into the political campaign of Carl Stokes when he ran for Mayor Cleveland in 1967. This was accomplished by giving the money to the openly pro-Communist, violently racist, Congress on Racial Equality. Our Congressmen are aware of this open defiance of the law for purposes of electing a leftist to an important political office, but they have failed to act. They probably have not taken action because of fear of the awesome power of the Ford Foundation. After all, if Ford's money was used to elect a Mayor of Cleveland, then it was also used to prevent the election of someone else. Who in Congress has the courage to face that kind of political power? Next week we shall go into the unamerican Marxist

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring was obtained on July 14, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. The Ford Foundation, as pointed out by the Review of the News on March 26, 1969, is carrying out 'Marxist revolutionary activities designed to advance the goals of the international communist conspiracy.' One of the Ford Foundation's pet philanthropies is CORE, the Congress on Racial Equality. This fanatical pet Negro organization has adopted violence as an official policy and the late Malcolm X of the homicidal Black Muslims. In spite of this revolutionary and subversive background and in spite of the revelation that CORE had Communist Party organizer Jesse Graves as speaker at its national convention, the Ford Foundation gave CORE almost a half million dollars to carry on its subversion and racial hatred. The Ford Foundation funneled cash into a pet community project in New York City called Mobilization for Youth. The agency was found by the FBI to be riddled with communism. According to a report to a congressional committee, the Ford Foundation gave large sums of money to a Harlem school despite continuous manifestations of racism, violence, and anti-Semitism. One \$26,000 grant by Ford was used to bring to the school, Rap Brown, Roy Jones, who writes filthy, hatefilled un-American plays, and Herman Ferguson who is a member of RAMP, a communist secret terrorist organization for Negroes. Ferguson at the time he spoke at the school, was under indictment in a plot to murder and was on the Ford Foundation's

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on July 25, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. Drew Pearson has probably maligned more people than any other columnist in the history of journalism, yet hundreds of newspapers in the U. S. reflect his irresponsibility by carrying his journalist refuse and pro-communist poison. No one, with the possible exception of cartoonist, Herbert Block, has been more helpful to the communists than Andrew Russel Pearson. Born with the proverbial silver spoon in his mouth, Pearson has viciously attacked the capitalist system that has made him a millionaire. Pearson took a giant step forward in his career when he married into the Patterson millions. He was soon divorced, but in Drew Pearson fashion, managed to hold on to a great deal of his ex-wife's fortune. From these propitious beginnings, Pearson had come to wield more power than most cabinet officials and military chiefs. He has his own army of agents and informers and although called a liar by three presidents, many of them have feared him and cooperated with him. From the book, 'The Drew Pearson Story,' we quote, 'Pearson is almost a government in his own right, conducting foreign policy and domestic affairs in the classical principles laid down by Machiavelli and Lenin, proclaiming that he serves the public by undercovering official hankie-pankie. He has for years been a hatchet man for special interests, running the gamut from labor unions which long subsidized his broadcasts to Lyndon Johnson, who for a time bought him off.'

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on July 28, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"It is said that columnist, Drew Pearson, reaches 22 million Americans in spite of the fact that such a respected institution as the Alaska Supreme Court has officially branded his material as garbage. Many of America's newspapers to their eternal discredit and out of love of dollar over country, continue to carry the irresponsible trash of the man who smeared General MacArthur and helped drive Secretary of Defense Forrestal to an early grave. In his rise to power, Pearson betrayed his mother-in-law, who gave him his start; he betrayed his partner from whom he literally confiscated his half of the business while the partner was fighting in World War II; and he betrayed his closest friend and even his own daughter.

Many people who are in a position to expose Pearson are afraid to do so because of his vast power and ruthlessness, but the 140 Freedom Ring outlets across the land consider it a duty to expose Drew Pearson's vicious, unethical and illegal activities, as well as his consistent history of supporting and promoting the communist line. Pearson thinks nothing of revealing classified information if it will enhance his prestige. When he received a highly secret report that our will to resist in Korea was weakening, he exposed this in his column, and once during that conflict, he revealed our military plans for attacking the enemy. Pearson also gave aid and comfort to our nation's enemies when he worked, according to Washington intelligence circles, with President Truman to frame and discredit General MacArthur following the famous Wake Island meeting. The meeting was secretly recorded by Truman and the

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on August 4, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. Columnist, Drew Pearson, has been Soviet Russia's number one character assassin for 30 years. According to the late James Forestal, he went to President Roosevelt with proof that Pearson had bribed a Navy clerk to get classified information. This is in violation of the Espionage Act, which carries a ten-year prison term, but President Roosevelt blocked prosecution and naturally, Pearson became FDR's kept mouthpiece and errand boy thereafter.

Because of his strong and effective anti-communist position, Secretary of Defense James Forestal became a victim of hatchet man Pearson. It was publicly stated and printed that Pearson had driven Forestal to suicide. Some say Forestal was murdered, but if it was suicide, and we quote from the 'Drew Pearson Story,' 'Forestal became perhaps the first important official in American history murdered by a poisoned pen, and Pearson bears a moral responsibility for the death of an outstanding American patriot.'

Nikita Khrushchev has openly praised Pearson. Next week, you will hear why he was praised by Khrushchev and continues to be the darling of the internationalist communist press. We will look into Pearson's amazing record of communist collaboration and sabotage of America's interests.

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on August 13, 1969, by dialing St. Petersburg, Florida telephone number 896-1373.

Columnist Drew Pearson has been described as a lying pro-Communist propagandist and the Emporia Gazette in Kansas dropped his column in 1942 because they said it would "give aid and comfort to our enemies." The way that Pearson has avoided prosecution in spite of his open and brazen assistance to America's enemies is truly amazing. Pearson sabotaged anti-Communists in Greece by publishing their order of battle. He sabotaged our forces in Korea by publicizing highly secret troop dispositions and he has revealed top secret atomic developments. Drew Pearson has become so arrogant that he has assumed the right to decide whether a secret document, government document, should be published. Unknown to all but a handful of Americans is the fact that Pearson was a member of the Barns Communist cell during World War II and that he was fed secret information by the Red Agent Alger Hiss. A high ranking general once said that if he were to give out the government secrets being revealed by Pearson, he would immediately be court martialed. Senator Joe McCarthy, another victim of Drew Pearson once said, "I have discussed this man Pearson with practically every former member of the Communist Party whom I have met during my investigation of Communists in government. Almost to a man they were agreed that Pearson's job was to lead the character assassination of any man who was a threat to international Communism and that he was the most valuable of all writers from the standpoint of the Communist Party."

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on August 19, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring: The American press announced with a great sigh of relief that Russia's Luna 15 would not interfere with Apollo 11's landing on the moon. Some starry-eyed commentators even suggested that Luna 15 might be there to effect a rescue mission, if needed. This childish idolatry of the backward Russian would be amusing if it were not for the fact that our foreign policy and our national budget is based on totally unproven claims of Russian rocket might. We have become so paralyzed by fear that we allow a fourth-rate Oriental power to capture a United States Naval vessel and shoot down an unarmed Air Force aircraft. We even confessed to unfounded charges of spying rather than fight. All of this because of fear of the paper bear, Soviet Russia. Luna 15 could not interfere with Apollo 11 because in all probability, Luna 15 did not exist. The Soviets are great at propaganda but very inept at science. Americans, on the other hand, are unsurpassingly brilliant in science but incredibly naive politically. For example, in 1957, when the first Sputnik was orbited into space, the Russians released a photograph that purported to be Sputnik, but 'Time,' 'Life,' and the rest of the pro-Soviet propaganda mills didn't tell the awe-stricken American public that the photograph was lifted from a two-year-old copy of 'Popular Science Magazine.' We said in March, 1969, 'Russia will not beat us to the moon.' Six years ago when our frantic press was predicting that Russia would conquer the world from outer space, Let Freedom Ring was calling the whole Russian space program a Barnum and Bailey con game.

A recording of the message entitled, Let Freedom Ring, was obtained on August 26, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring: Although the evidence is overwhelming that Soviet space technology simply doesn't exist, our press, many of our scientists and even some of our astronauts continue to make alibies for one of the biggest poverty pockets in the world — Soviet Russia.

Sir Bernard Lovell of the Jodral Bank Observatory in England, sees colossal feats from space performed by the Russians. Although the United States has radar screens that are in some ways superior to Jodral Bank, we don't see what Lovell sees.

Luna 9 took photographs from the moon's surface said Lovell and the surface was not covered with dust. The footprints of Armstrong and Aldrin on the moon gave the lie to that one.

Twenty-five experts in optics were interviewed by science writer, Lloyd Malin, concerning the so-called Russian space walk. Not one of them would state that the Russian pictures of the space walk were not fake. Luna 15, like the 'mutniks,' the soft landing on the moon, the shot to Venus and the space walk were a hoax created in Moscow and nourished by the American press.

The seismograph left on the moon by our astronauts was so sensitive that it even transmitted the impact on earth when they threw their pants out of the space suits but when Russia's Western mouthpiece Sir Bernard Lovell announced that Luna 15 struck the moon at 300 miles per hour, there was no registration on our seismograph on the

The Central Intelligence Agency, known as the CIA cloak and dagger outfit that is supposed to be our secret eyes and ears outside the borders of the United States, has been criticized by both Left Wing radicals and conservatives. This has left the American people confused about the true status of this strange organization. There are good reasons for believing that the attack by the Left Wing press on the CIA was designed for the very purpose of neutralizing conservative criticism of the organization so the tactic of criticizing the CIA for the wrong reason worked, and the attacks on the CIA stopped abruptly. The press, for instance, told the people that the CIA had been subsidizing the National Student Association, but what they did not say was that the NSA was in turn working hand and glove with the communist in Algeria. Central Intelligence Agency was instrumental in turning Algeria over to the communists using the National Student Association as a front. Today the Algerian communist are training the Viet Cong terrorists to kill American boys in Vietnam.

Harold Varnet said in the May, 1967, issue of American Opinion, "Whose side is the CIA on? Highly reputable Cuban refugees have long reported that in their experience it is operated as another arm of the International Communist Conspiracy. That one sounded incredible. It is, however, beginning to sound more like a distinct possibility."

This report on the CIA will continue next week. For further facts on this dangerous and subversive organization, send 35¢ in coin to CIA, Box 1775, Sarasota, Florida, 33578. Let Freedom Ring.

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on September 8, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring: Some critics of the Central Intelligence Agency say that it acts more like an American branch of the Russian Secret Police than a security agency of the American Government. After one reviews the history of the CIA, this description is not as shocking as it first seems. The CIA has quietly financed such extreme Left Wing Organizations as National Council of Churches, the Communist Center for Christian Democratic Action in South America, the National Education Association, and a so called school that turned out to be the driving force behind the Communist Juan Bosch in the Dominican Republic. Admiral Rayburn, former head of the CIA, was astonished to find that his agency was financing Communist Juan Bosch while Marines were dying in Espanola trying to head them off. The treacherous and un-American CIA has been guilty of similar crimes in Cuba at the Bay of Pigs Disaster, in Panama, Balkins, and in Vietnam. Wherever you find a Leftist making good, you will also find CIA money. Supreme Court Justice William O. Douglas who seems to have a real nose for money, managed to get \$11,000 of CIA money in just one year through one of Norman Thomas's CIA funds. J. Lovestone, a former Secretary-General of the Communist Party himself was actually financed by the CIA during the subversive activities in Algeria.

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on September 15, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"The CIA specializes in assassinations but unfortunately, the victim is often an anti-communist. The pro-American anti-communist Rafael Trujillo of the Dominican Republic, for instance, was assassinated by arms smuggled into the country by the CIA. This was reported in the "London Observer" and confirmed by Trujillo's former chief security officer. The CIA made a number of attempts to assassinate Cuban President Batista so as to put the homicidal maniac, Fidel Castro, in power. After the Communist dictator was in control and committing wholesale slaughter of Cuban patriots, the Deputy Director of the CIA, John Cavell, stated, "Our conclusion is that Fidel Castro is not a Communist." With a so-called intelligence like that working for them, the Russians don't need the NKVD.

Henry J. Taylor, one of America's most respected commentators, has stated that it is a demonstrated fact that the CIA has been penetrated wholesale by our enemies. Colonel Guy Richards of the "New York Journal American" revealed that the CIA diverted \$400,000 to the Communist Party of the United States, \$400,000 to the Communist Party of Italy, and \$400,000 to Soviet intelligence. The CIA has financed many such communist and socialist organizations but even the so-called anti-communist groups that the CIA has financed have a common characteristic -- they are so weak and disorganized that they couldn't fight their way out of a soap bubble.

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on September 22, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. January 1st, 1969 was the 10th anniversary of the Communist takeover of Cuba. The constant distortion and lies by the American press kept the American people ignorant about Fidel Castro until it was too late. The only national magazine we are aware of that told the American people the truth about Castro was 'American Opinion.' Robert Welch, founder of the John Birch Society, said in the January, 1959, issue of 'American Opinion,' 'The criminal irresponsibility of so much of the American press has never been shown more clearly. Fidel Castro, as murderous and cunning an agent of the Kremlin as Mao Tse-Tung, is right now taking over Cuba. Our newspapers are full of headlines glorifying the event with hardly a line to tell us of Castro's Communist connections.' Compare this statement in 'American Opinion' with the incredible falsehoods put out by the openly irresponsible American press even after Castro was in power and raping the Cuban people.

Walter Lipman in the 'Washington Post' said, 'Castro's Cuba has no real prospect of becoming a Soviet satellite.' 'Newsweek' magazine, 'Castro is not even remotely a Communist, Castro is honest.' 'Look' magazine, 'We can thank our lucky stars Castro was no Communist.'

Can you really trust what you read in publications that have lied to you and helped immensely to put a Communist dagger at your throat? Shouldn't you be reading 'American Opinion'? Send \$1.00 for a sample copy of this informative publication to 'American Opinion,' Box 1775, Sarasota, Florida, 33578. Hear next week's report on the 'jet set.' Let Freedom Ring."

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on September 29, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Conservative groups are strongly opposing the present drive to introduce raw sex indoctrination into the nation's schools. They maintain that teaching adult sexuality to children is bad, and furthermore, that the subversives are very active in the movement to destroy the morals of America's children. What is the evidence? In 1919, Allied forces in Germany captured its Communist document entitled, 'Rules for Revolution.' The very first rule was 'Corrupt the young, get them away from religion and get them interested in sex.' There is more recent evidence of a Communist design behind the sex education movement. General William F. Dean was told by a Chinese psychologist, 'We are going to destroy the moral character of the generation of your young Americans, and when we get finished, you will have nothing with which to really defend yourselves against us.'

The Communist should know about subversion through promoting sexual obsessions. They promoted free love after the Russian Revolution and almost wrecked their own government. Dr. Sorokin, former Professor of Sociology at the University of St. Petersburg, says concerning that experiment, 'Within a few years, hordes of wild, homeless children became a menace, millions of lives, especially of young girls, were wrecked. The results were so appalling that the government was forced to reverse its policy.' Is it any wonder that the Communists are promoting sex education here?"

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on October 6, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"So-called sex education has been taught in our schools for many years but generally it was taught as hygiene and biology, appropriate for the age of the child, and remained true to Christian moral codes. Many people have been duped into believing that family life education courses are similar but only better. This is a deliberate fraud being put over on American parents and their children. The new brand of sex education often called by such euphemisms as family life is nothing more than indoctrination in adult sex for children. The Gesell Institute which the American Medical Association considers authoritative warns parents to give children only simple answers to children's questions concerning sex in order to 'avoid the greatest error of all -- telling too much too soon.' Yet the National Education Association, the National Council of Churches, and even the American Medical Association now want to cram adult sex knowledge into your children from kindergarten, and they are going to do it unless you the parents stop them. A national organization has been formed called MOTOREDE, which stands for the Movement to Restore Decency. Join your local MOTOREDE Committee and try to get your friends to do so. For more information on the current drive to obsess your children with sex, send 35 cents in coin to the Jet Sex, Box 1775, Sarasota, Florida 33578. Let Freedom Ring."

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on October 13, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. Many people think that the United Nations has failed but they are wrong. The U. N. has not failed. It has been a fabulous success and continues to serve the purpose for which it was designed. That purpose is world conquest by Soviet Russia and the insiders around the world. Because of her industrial inferiority, Russia could never conquer the U. S. by military force but a transfer of control over our government to the U. N. which is dominated by Russia could lead to our conquest without a shot being fired. For those who do not know history, this may seem preposterous. What many of our citizens don't realize is that most wars are not won or lost on the battleground but by espionage and propaganda that have long been preparing the enemy for defeat. Genghis Khan, for instance, rarely faced defeat from his culturally and technologically superior adversaries because espionage, the fostering of rebellion in the enemy army, the promotion of racial and religious strife, the promotion of a sense of defeatism and the taking over of positions of political power by sympathizers within had long prepared the way for its primitive force and military conquests. The biggest threat to our freedom today is the Russian political arm in the U. S. known as the United Nations. On October 24th, Americans are expected to pay homage to this Russian-controlled monstrosity which is slowly, but relentlessly, assuming sovereignty over the American people. We suggest that you object if any local group promotes United Nations Day.

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on October 20, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

The Communist publication 'Political Affairs,' was ardently promoting the U. N. two months before it was even founded. They said to their comrades, 'Great popular support for the U. N. should be built up. The opposition must be rendered impotent.' The Soviet magazine, 'Bolshevik,' stated in 1946, 'The Soviet Union is fighting to have the United Nations as effective as possible.'

If you need more proof that the U. N. is a Communist institution designed to bring the United States under

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on October 27, 1969, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Propagandists for UNICEF, United Nations Children's Fund, said last year, 'UNICEF is so set up as to afford a maximum sense of satisfaction for our youth.' If your child panhandles for UNICEF on Halloween, how much satisfaction would he get if he knew that the founding chairman was a communist, and that UNICEF has been used for communist purposes ever since? Would your child gain any satisfaction from knowing that much of the money for food and drugs that he begs your neighbor for UNICEF goes to communist governments, not underfed children, and also, that these brutal communist dictatorships use the food and medicines as a weapon to keep the people under control?

"Even if UNICEF were a legitimate charitable organization, which it is not, it should not be supported on grounds of utter incompetency. One religious organization distributed \$125,000,000 in aid during 1961 with a staff of only 130 employees. UNICEF during the same year claimed to have distributed one-fifth as much, but needed over four times as many employees. So, apparently what the communists don't get from UNICEF, the bureaucrats do. We suggest that you give your charity to legitimate church welfare organizations, and let the international con men at UNICEF look elsewhere for funds.

"For more detailed information on UNICEF, send twenty cents in coin to 'The UNICEF Fraud', Box 1775, Sarasota, Florida, 33578. May we suggest that whatever you might donate to UNICEF on Halloween be sent instead as a contribution for the maintenance of Let Freedom Ring. Contributions may be sent to Box 7096, St. Petersburg, Florida, 33734. Thank you. Let Freedom Ring."

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on November 5, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. We stated in our first broadcast on the U.N. that the U. N. is assuming sovereignty over the American people. We are rapidly losing government by the people and are replacing it with government by the communist-dominated United Nations. A shocking example of our surrender to the dictates of the U.N. was the Presidential Order of January 5, 1967. The Constitution of the United States delegates to the Senate the regulation of trade with foreign nations. President Johnson, in total disregard for the Constitution, ordered a ban on trade with anti-communist Rhodesia. To drive the point home, the embargo was announced from the floor of the United Nations. When challenged on this illegal act, Secretary of State Rusk said that the President was acting under the authority of the United Nations and was carrying out 'mandatory decisions of the Security Council of the U.N.'

Did you know that when an American joins the American delegation to the U. N., he takes an oath of allegiance to the U. N., and swears not to accept any directions from the government of the United States? Did you know that the California Court of Appeals ruled in 1951 that the U. N. Charter is 'paramount to every law of every state?' Did you know that President Eisenhower acknowledged that he considered the U. N. as part of the source of his authority? Did you know that you have lost your Constitutionally guaranteed freedom? Only a concerted action to get us out of the U. N. can return that freedom.

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring, was obtained on November 12, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. This series of broadcasts about the Federal Reserve System, the outfit that controls your money and, therefore, your destiny, is so fantastic that you will have difficulty believing it but you should consider carefully what we have to say about the Federal Reserve because this institution may leave you flat broke tomorrow just as it did millions of Americans in the depression that started in 1929. Many Americans think the stock market and private enterprise caused the great depression. Big business, capitalism, the stock market and other strong men had taken the blame all these years for something the Federal Reserve System did to unsuspecting and trusting Americans. Inflation now, as in 1929, is not caused by labor unions, businessmen or the consumer as politicians imply. It is caused by the same culprit that brought us economic disaster in 1929, the money manipulators of the Federal Reserve Board. Until Americans understand that the root cause of inflation and consequent depression is the irresponsible printing of paper money not backed by anything of value, the Federal Reserve will continue to rob the American people through the production of worthless paper money. Our founding fathers clearly recognized the danger of allowing the control of money to pass into the hands of a few men.

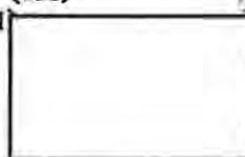

Next week we shall tell you more about the illegal Federal Reserve System and its not so funny money. For more information send 25 cents in coin to 'Funny Money,' Box 1775, Sarasota, Florida, 33578. Again, 'Funny Money,' Box 1775, Sarasota, Florida, 33578. Let Freedom Ring."

LET FREEDOM RING

A recording of the message entitled, Let Freedom Ring, was obtained on November 17, 1969 by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. The Constitution of the United States makes it clear that Congress shall regulate our money and that paper shall not replace gold and silver as legal tender but the Federal Reserve Board has illegally been given the power by Congress itself to regulate our money. Since passage of the Federal Reserve Act, the Federal Reserve Board has been issuing our money. This illegal paper money is no longer backed by gold or silver and is basically counterfeit. 'American Jurisprudence,' Second Edition, Volume 8, states, 'Bank notes circulate as such only by general consent and usage. Consent and usage is based on the convertibility of such notes into coins at the pleasure of the holder upon presentation to the bank for redemption but upon the failure of the bank to redeem its bills, they instantly lose their character of money.' In other words, the basic book of American law states flatly that the money you are now carrying is worthless, counterfeit and valuable only because the majority hasn't caught on as yet.

Who owns and controls this colossal racket? It is much easier to say who does not own the Federal Reserve than to pinpoint the power behind the respectable gentlemen who serve on the board. The Government apparently does not own it as the Government pays it interest and takes orders from the Federal Reserve on matters of money and credit. The banks don't own it, the people have no control over it and the banks have no vote in it. What powers control our destiny? What happened to our Constitutional rights to control our destiny?

More on this hidden but very powerful economic dictatorship next week.

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring, was obtained on November 24, 1969, by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. If the people won't save voluntarily, they will be forced to save. So spoke Willie McChesney Martin, Chairman of the Federal Reserve monopoly that controls your money and therefore your life. When asked how he could force people to save, Martin said that we could do it as in Russia by taking the money.

Ed Harvey (phonetic), Chairman Martin, Secretary of the Treasury, David Canady (phonetic), and Richard Nixon, seem bent on subjecting the American people to a form of economic slavery that was abolished almost 800 years ago. The Magna Carta of 1215 ended forced loans by oppressors but as America faces economic disaster, our monetary czars in Washington will not hesitate to put us back in the dark ages. People who say that we have too many built in safeguards now for a depression to occur are living in a fool's paradise. When the Federal Reserve Board or the people who control it want a depression, we will have it.

From the highly respected 'Buyer's Financial Review,' we quote, 'The human psychology of panic will overtake this market soon. The social and economic changes that will follow the end of the present masquerade will dwarf the 1929 depression. This will produce results which, in ultimate history, will rival the fall of Rome.'

So, when the great crash comes, don't blame free enterprise as people mistakenly did in 1929. Blame your new found poverty on the real enemy, the Federal Reserve System.

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring, was obtained on December 1, 1969, by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. From the 'Church News,' we quote: 'There is a Girl Watchers' Club at the Lakeside Junior High School in San Diego. The club published and distributed to all girls on the campus the following proclamation: We, the boys of the Girl Watchers' Club, have been watching girls for the past four weeks. Some of what we have observed has pleased us but much of what we have seen displeased, disgusted and repulsed us. Therefore, we have agreed and resolved that some changes must be made. We feel the changes suggested are reasonable and fair. In general, all we are asking is that girls again become feminine in their thoughts, words, and deeds. We are tired of constantly being forced to look at girls' underwear. For example, skirts not long enough to cover underwear during such normal activities as sitting, stooping, reaching up or running. Boys do not like the carelessness girls display when sitting with legs apart constantly making others look at their underwear. This is no thrill for boys or anyone else, just obnoxious. We take a dim view of girls using profane and obscene language in their conversations with each other and with us. Clean up your mouths or keep quiet. We are concerned about the large number of girls whose general behavior is becoming unfeminine and boy-like.'

The proclamation concluded with an announcement that girls failing to comply with it would be subjected to a total boycott of all friendly relations. The boycott started with the posting of the proclamation on school bulletin boards Friday morning. All girls got a copy of the proclamation in their homerooms Friday morning, and they

A recording of the message entitled, "Let Freedom Ring, was obtained on December 8, 1969, by dialing St. Petersburg, Florida telephone number 896-1373.

"Let Freedom Ring. The so-called moratoriums against the war in Vietnam have come and gone and America managed to survive them. Most of the nation's newspapers and all of the TV networks misled the American people as to the true purpose of the national strikes and the evil forces behind them. Two days after the October moratorium, the Scott Report revealed that more than two dozen mass graves were discovered by American troops in Vietnam. One witness reported that he had seen long lines of captives whose only crime was not cooperating with the Viet Cong, led off to a creek bed, where they were clubbed to death or shot. Many of the victims were mothers and their children. This type of horror, the butchery of thousands of defenseless people by the Viet Cong has become almost a routine in this once happy and beautiful country, and as American boys die by the tens of thousands trying to protect these people, 'The New York Times' openly supports the Viet Cong. The so-called moratoriums were endorsed by the official communist newspaper, 'The Daily World,' and by none other than the head of the Viet Cong delegation to the Paris peace talks. 'The New York Times,' insulting the intelligence of its readers, had this to say about the October moratorium: 'The October 15 Vietnam moratorium inspired and organized by students is a broad based and stirring national appeal for peace.' The American people want to win the war and then get out. Top military men have repeatedly said that the war can be won in a matter of weeks but the Nixon Administration and the U.N. have tied their hands.

For documentation on this communist-inspired surrender movement, send 35 cents in coin to 'Surrender, Box

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring," was obtained on December 16, 1969, by dialing St. Petersburg, Florida telephone number 896-1373.

"Let freedom ring. The television networks, the 'New York Times' and most of the rest of the so-called free press lied to the American people when they reported that the moratoriums were student-led. The leadership included Arnold Johnson of the Communist Party, communist Irving Sarnov, communist Sidney Park, communist David Dellinger and identified communist Dorothy Hayes.

The New Mobilization Committee which coordinated the November 15th moratorium was a combination of over sixty red organizations. These red traitors are what the 'New York Times' and the television networks refer to as students. Many Congressmen and other prominent individuals endorsed the communist-directed moratoriums in October and November. The October 15th moratorium was endorsed by Senator Kennedy, Senator McCarthy and many others. As these protests continue and gather momentum, Gus Hall and other communist leaders can sit back and let Senators Kennedy, McCarthy and Church do their work for them. Lenin described those non-communists who do the work for them. Lenin described those non-communists who do the work of the Party as useful idiots. Are we being unduly harsh on Senators Kennedy, McCarthy and Church or Merv Griffin, Mayor John Lindsey, The National Council of Churches, 95% of the news media and the Harvard and Yale Divinity Schools when we classify them among the name useful idiots? As American men die in Vietnam in a war they are not allowed to win, listen to what Viet Cong officials say about the moratorium: 'The brilliant success of the moratorium is a source of strong encouragement to our troops and people.'

For more information about Moscow's useful idiots who would have us surrender in Vietnam, send 35¢ in coin to 'Surrender', Box 1775, Sarasota, Florida 33578. Please encourage your friends to hear this broadcast. Let freedom ring."

A recording of the message entitled, "Let Freedom Ring", was obtained on December 22, 1969, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let Freedom Ring. From Ephesians, Chapter 6, Verse 12, we quote, 'For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places'. This Christmas and for the years to follow, Let Freedom Ring vows to continue exposing the enemies of Christianity, the enemies of our land who would destroy all men of good will, both Christian and Jew. Our breach is not with a particular religion or race, but with the non-believer, the wolf who comes disguised as a sheep, whether he calls himself a liberalist, anatheist, a reform this or a reform that, the non-believer is the one who would destroy our faith in God, and thereby drain us of our courage to resist communism and the evil influences that now infect our land. These subversives know that a diluted faith leads to a sick people, and a sick people love their country not.

'From the hymn, 'I Heard the Bells on Christmas Day', by Henry Wadsworth Longfellow, we quote, 'I thought how as the day had come, the belfrys of old Christendom have rolled along the unbroken song of Peace on Earth, Goodwill to Men, and in despair I bowed my head, there is no peace on earth, I said, for hate is strong and mocks the song of Peace on Earth, Goodwill to Men. Then pealed the bells more

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on December 29, 1969, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let Freedom Ring. Did you know that we have not had a legally elected president in over 100 years? The first seven presidents were elected in conformance with the Constitution of the United States. None have been since then because ruthless and cynical political parties have usurped the power of state legislatures to appoint presidential electors. Everyone, no matter what his political opinion, seems to agree that the present unconstitutional system is unfair and should be changed. But, unfortunately, the change being considered and already passed by the House of Representatives is far worse than the present illegal system. The direct popular vote method recently passed by the House would actually make constitutional a mob rule system even worse than the unconstitutional process now in use.

"Our founding fathers conceived a brilliant system that prevented minorities in small and rural states from dominating the cities. It was not perfect, but it was the best plan ever devised by man to prevent a minority group from dominating the nation. The threat of domination of the country by rural minorities has long been dead, but now a far worse specter looms over us. Domination by welfare mobs in the inner cities, degenerates, aliens, illiterates and tax-supported baby-factory mothers, who produce eight and ten more unemployable offspring, all combine to dominate the precincts that dominate the cities, that dominate

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on January 5, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. The majority of Americans are about to lose all of their influence in the election of the President in the name of giving them more influence in his selection. Liberals and many conservatives are supporting the House-passed bill which provides for direct one-man, one-vote election of the President. If this Resolution is passed by the Senate and approved by three-fourths of the states, the majority of Americans will have turned the choosing of the President over to the irresponsible, illiterate mobs located in the inner-city slums. From there, it will be a short and stormy ride to total dictatorship of the Proletarians. As Representative John Dowdy said, this proposed amendment is 'a political transformation flying squarely in the face of the most radical possible departure from traditional Constitutional concepts'. Our Electoral College system, as it worked before it was corrupted by political parties, protected the people from mob psychology, which is the fatal weakness of a one-man, one-vote system of picking the President. Under the present unconstitutional winner-take-all system of electing Presidents, if one candidate gets 51% of the vote in a state, he gets all of the electoral votes of that state, thus forcing 49% of the people in that state to vote for the candidate they were against. Many people blame

"Let freedom ring. Does the American news media tell it like it is or do they as Vice President Agnew says, distort the news. In our opinion they not only distort the news but in some cases where it serves their anti-American purposes they actually invent it. The so-called My Lai Massacre is the best recent example of the frequently untrue and anti-American propaganda being put over on the American people by the so-called Free Press. A demoralization of the military is recognized by the Communists as absolutely necessary for the takeover of the U.S. Our own news media, radio, television, and the newspaper are helping the Communists to accomplish this through manufactured atrocity stories such as the Green Beret incident and the My Lai story. Lets look at the reportorial prostitutes behind the My Lai smear. The man who got the massacre story started, Ronald Ridenhouer (phonetic) wasn't even at My Lai when the battle took place. He merely pieced together a hearsay story gathered together from various disgruntled misfits and sold it to two opportunistic reporters looking for a fast buck. The two men who bought the story are a school dropout named David Oaks and Seymour Hulse (phonetic), who has been described by a London newspaper as a "Leftwing Nut." The My Lai area was such strong Vietcong stronghold that it was known as Pinkville. It was not a

Although numerous investigations have proven that the My Lai massacre story is a complete fabrication, CBS reportedly paid \$10,000.00 for an interview with former Private Paul Meglow (phonetic) and his unsubstantiated horror story. LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on January 26, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. Chief Warrant Officer Hugh Thompson received a medal in Vietnam. The citation read, 'He spotted fifteen young children trying to hide in a bunker and he evacuated them to a secure area. Moments later he located a wounded Vietnamese child and disregarding his own safety, he again landed and evacuated the child to the hospital.' This happened at My Lai on the very day the American people are now told by their treasonous press that a massacre of civilians occurred.

"Colonel Oren Henderson, of the 11th Brigade, discovered that within weeks of the My Lai battle, the Viet Cong itself started the atrocity story by bombarding the area with propaganda messages. Wouldn't you think that 'Life', 'Time', 'Newsweek' and CBS could find a better source for news than the Viet Cong enemy? Because of the communist-inspired rumor, the My Lai battle is probably more thoroughly investigated than any other action in the Vietnam war.

"The United States Army, the President of South Vietnam, the Vietnamese commander of the My Lai area, and the Chief of the province in which My Lai is located, all conducted separate investigations. They all came up with the same

findings--the so-called massacre just never happened and the newspaper reports were 'completely inaccurate'. Even more horrifying than the rottenness of the American press was the spectacle of the Secretary of the Army, the Secretary of the Defense and the President of the United States being taken in by the lies and casting suspicion on the American boys who gave their lives at the battle of My Lai.

"When the top leaders of our government betray our boys and stab them in the back, you wonder why we can't win in Vietnam?

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on February 2, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. The Nixon Administration, in direct violation of all the campaign promises, has undertaken a crusade to bring massive forced integration to every school in America. Health, Education and Welfare Secretary Finch and Supreme Court Chief Justice Burger are acting in collusion to effect a government takeover of the schools in Mississippi. If schools can be seized in this resistant state, total federal control of schools in other states will be relatively easy. The people were told that the Civil Rights Act of 1964 did not require forced integration through busing. In fact, three different sections of this act specifically prohibit forced integration. Section 401 states that methods are not to be used for 'the assignment of students to public schools in order to overcome racial imbalance'. So, 'freedom of choice' plans were adopted which allowed parents of either race to send their children to the school of their choice, but much to the surprise and dismay of racial zealots Finch and Chief Justice Burger of the Supreme Court, Negroes decided overwhelmingly to stay in their own schools. In Groesbeck, Texas, for instance, of the 300 Negroes in the schools, not one elected to bus to the white school. The situation in Mississippi is tragic and unless this

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on February 9, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. The Department of Health, Education and Welfare and the Supreme Court are not interested in the welfare of white or Negro children. In Canton, Mississippi, the School Superintendent told the czars of HEW that, there, integration would require some Negro children to walk as far as three miles to school in the winter weather, clad only in jeans and T-shirts. The HEW mafia replied, 'We don't care how far they have to walk; that's not our problem'. What is the real objective of the administration's race-mixers? The real objective is an increase of hatred between the races, as evidenced last week in Bradenton, and ultimate revolution in the nation's schools. In a racial civil war, the Negro would suffer most, but Nixon's race-mixers in HEW and the Supreme Court replied, 'That's not our problem'. The President's racial zealots will stop at nothing in their drive to force integration on unwilling blacks and whites - though a study in New York City has shown that forcing Negroes into white schools has had no beneficial effect on the Negro student. There is strong evidence that the process is harmful to both. As the northern integration experiment has clearly proven, parents will be forced to send their children into deliberately created racial cauldrons, unsafe for adults, and, in some cases, not even safe for armed police.

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on February 16, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. The My Lai massacre propaganda story, which was designed to demoralize and discredit America's armed forces, is far more serious than generally realized. When the President, the Secretary of Defense and the Secretary of the Army condemn our boys publicly without a trial in the face of three separate investigations in Vietnam which cleared them of any wrong-doing, something is seriously wrong. The key to the overthrow of the Czarist Government of Russia by the Bolshevik terrorists after World War I was the demoralization of the armed forces with ultimate revolution within the Army and Navy. We may be closer to a similar situation in our own military forces than is generally realized. The Russian people were not aware of the rot within their military until it was too late. If this segment of the Russian Army had not revolted against the legitimate government of Russia, the communist terrorist could never have taken over and 50 years of tyranny could have been averted. From the 'Herald of Freedom' we quote, One has but to read an analysis of the events leading up to the communist takeover of Russia to realize that the U. S. is not too far away from the same terrible fate. Spreading

"Let freedom ring. Could a communist-directed revolution occur within our military forces as it did in Russia, leading to a military dictatorship in America backed by revolutionary elements within our own Army and Navy? The Nixon administration is pushing the military to the verge of revolutionary chaos. Secretary of the Army, Stanley Resor, has issued a memorandum which allows the distribution of communist literature on military bases. Servicemen must be allowed to frequent communist coffee houses where they are taught revolution, mutiny, sabotage and desertion. The Commandant of the Marine Corps has gone even further to destroy discipline and fan the fires of revolution. He has ruled that the communist clinched fist salute may now be used by Negro troops, supposedly to express their racial pride. There is now an underground revolutionary press within the armed forces and the Secretary of the Army, Resor, has authorized servicemen to work with these communist papers. One of the leaders of this group of servicemen that Secretary Resor seems to be promoting among our military forces is Andy Staff, who is a self-proclaimed communist. Another ring leader is Roger Priest, who the Navy charges has solicited his fellow

A recording of the message entitled, "Let Freedom Ring", was obtained on March 2, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. Warren Burger was hailed as a conservative when President Nixon hired him as Chief Justice of the United States Supreme Court. With the present chaos and bitterness which Justice Burger and his crowd has created in the public schools, one can't help but wonder whether Mr. Nixon didn't play a deadly trick on the American people. From the November 19, 1969, issue of 'Review of the News', we quote: 'With the new case demanding forced integration regardless of the consequences, the allegation that Burger was chosen to bring conservative balance to the High Court grows increasingly phony'. The Supreme Court, under Earl Warren and now Warren Burger, seems to have abandoned any symptoms of constitutional law. The great genius and founding father of the United States, Thomas Jefferson, warned us of this when he said that of all tyranny, the tyranny of the courts is the most fearful. The history of the Court over the past 20 years clearly reveals the nine-man dictatorship that it has become. Before 1954, the Court said that the Government had the power to consider race in making school assignments. After 1954, the Court decided the Government did not have this power. Now the Warren Court has ruled that Government again has the power, but only used for purposes of forced integration of the races. The Burger

"Let freedom ring. Chief Justice Warren Burger, sold to the American people as a conservative by the Nixon administration and the press, is actually a radical leftist who favors a judicial system little different from that of Nazi Germany or the present communist slave empire. This is a serious accusation, but we intend to back it up with facts. Early in his career Warren Burger showed his true political color. He was the power and the brains behind both of Harold Stassen's bids for the Presidency. Harold Stassen was, and is, far left of center. It should be remembered that the obliquely pro-communist Chief Justice, Earl Warren, refused to retire until someone acceptable to him was chosen as Chief Justice. We have heard no complaints from Earl Warren about his replacement, whose name in politics seems so similar to his, Warren Earl Burger. Justice Burger also has something in common with wheeler-dealer Justice William O. Douglas. They have both served as consultants to the subversive Center for the Study of Democratic Institutions. In a paper presented before this pro-communist body, Burger called for the virtual abolishment of the great American system of justice. Because of the preverse reasoning of Justices such as Burger and Douglas, the Supreme Court has now declared that forced segregation is

Dear Sirs,

Could you help me? Or at least  
put me in touch with the party that can.  
I have been told recently by a well  
meaning person to dial my telephone

b6  
b7C

"Let Freedom Ring" and that

I would really get an ear full of what was  
going on. I did so and I did not like  
what I heard. Am I right or wrong that  
this is a far out organization that surely  
shouldn't be aided in its endeavors.  
I would ask the party who ever Let Freedom  
Ring is but all you get is a recording.

Thank You

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring", was obtained on March 16, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. Is President Nixon's appointee, Chief Justice Warren Burger, a dangerous radical leftist, who would destroy the American court system? Would he, as has been rumored, abolish rights guaranteed by our Constitution and inspired by the Magna Charta? Burger would eliminate one of our most precious rights, the jury system. He would do away with the presumption that the defendant is innocent until proved guilty, and putting the burden of proof on the prosecution. Burger says that defendants should be required to testify, that is, he would abolish the Fifth Amendment. Concerning jury trials, Burger said, 'If we would eliminate the jury, we would save a lot of time'. The Nazis and the communists and their slave states have found that Burger is right. Dictatorship saves a great deal of time for the dictators, and trial without jury is dictatorship. Harry S. Ashmore, himself a leftist, has stated that by current American standards, many of Burger's views are radical. John Colby, another liberal, was more specific. He said, 'If words mean anything, I don't think that Burger's views can be called conservative'. There is other evidence that Burger has given aid and comfort to the communists. In an article in the American University Law Review, Burger gave a 14-page argument in favor of police

On February 24, 1970, [redacted] advised the Denver Division that telephone number 421-4703 provides a short recorded message, possibly subversive in nature. Upon calling the number, it was noted that the message began and ended with "LET FREEDOM RING," and the discussion, no more than two minutes in length, is provided by an unidentified male, who urges people, who desire further information about the subject to send 35¢ to Box 1775, Sarasota, Florida, with the beginning of the address to coincide with the particular subject which apparently changes weekly.

On 2/25/70, it was determined that the subject dealt with the President promoting Communist tactics in the Armed Forces of the U.S., and on 3/4/70, it was regarding Government forced integration.

City directories for 1970 reveal that above number lists to "LET FREEDOM RING - ARVADA, COLORADO."

The above is submitted to your Division for information.

A recording of the message entitled, "Let Freedom Ring", was obtained on March 23, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring. This character sketch should be of interest to moviegoers. Imagine a man, supposedly a Christian minister of the Gospel, who professes to follow the example not of Christ, but of a non-Christian. Now imagine this minister being recommended by communist officials, who are atheists, as the man communists would follow in carrying out their program as Reds. Again, imagine this minister associating himself publicly with a confessed sex pervert and convicted draft dodger, who openly advocated bloody Negro suffering. And imagine this minister also associating himself, in the name of Christianity, with a man whose acts of perversion with a minor girl are a matter of court record and public knowledge. On one occasion this minister gave a place of honor on the rostrum at a public meeting to a notorious communist who has been convicted of sedition in the dynamiting of the home of a Negro family. This same minister was praised in the national news media as he traveled around the country urging people to break laws until someone did break a law by shooting him down in cold blood. St. Petersburg churches have asked you to pay five dollars a seat to see a so-called documentary of his life. The proceeds, as well as the

Your government has supported this fraud by making your ticket tax deductible. How can Americans in any community watch a man like Martin Luther King made into a hero by the power of the press, which totally ignores the real Negro heroes of today, such as Lola Bell Holmes, Julia Brown, and George Skyler. We urge you not to take our word for this, but to check the facts yourself, so you will know we have scarcely scratched the surface.

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on March 30, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373:

"Let freedom ring. The progress toward racial harmony made by Americans of all races in an atmosphere of freedom and responsibility, will be lost if civil turmoil continues to spread bitterness and distrust throughout the land. The revolutionary career of the late Martin Luther King, and his increasing sanctification, have served to increase such turmoil. Those who praise him fail to mention that FBI reports reveal that one of the most influential communists in the United States was one of King's ghost writers and chief advisors on protest strategy. Former FBI counterspy, Carl Pression, has sworn that Martin Luther King was either a member of, or wittingly accepted support from, over 60 communist fronts, individuals, and/or organizations, which give aid to, or support communist causes. Three successive staff aids to King were Bayard Rustin, former Young Communist League member; Hunter O'Dell, National Committee member of the Communist Party, USA; and Wyatt Walker, advisor to the Marxist-Leninist Progressive Labor Party. The Louisiana State Un-American Activities Committee has described the Southern Christian Leadership Conference founded by King as 'substantially under the control of the Communist Party'. This explains why everywhere King went there was violence and bloodshed, necessary ingredients with the communist plan to divide and conquer the United States. With

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on April 6, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373:

"Let freedom ring. Many of America's politicians are making political hay over voting rights for our nation's teenagers. If they are old enough to fight, the political hucksters say, they are old enough to vote. But, if you carefully study the political record of those promoting suffrage for 18-year-olds, you will note that almost all of them are to the political left. These political opportunists know that few 18-year-olds have been around long enough to obtain wisdom, political or otherwise. They know that young people tend to be either politically confused or left of center because that is the way they are taught in most of our schools. In our affluent society a large percentage of our youths are in school to age 21, or even beyond, and many of them have never had to earn a living. To them, the liberal or the socialist way seems to offer an easy road to prosperity to all. They are ignorant of the fact that the very opposite course, free enterprise capitalism, made this country great. Unscrupulous politicians want to get more young voters so that they can take advantage of youth's well-meant, but often misdirected, idealism. Remember that the youths were the gun-fodder of the Russian revolution. Should one be able to vote because he is old enough to fight? Because a man has the physical stamina to fight for his country doesn't mean, necessarily, that he has the wisdom and maturity to make the correct

decisions on affairs of State. One does not have to earn or work for youth and the physical stamina of youth, but wisdom takes more effort and at least a few years experience in the world of reality where people work for a living. As one philosopher once said, 'If you are not a socialist when you are 20, you have no heart. If you are still a socialist when you are 40, you have no head'. Please call next week to hear more about voting rights for teenagers. Let freedom ring."

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on April 13, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373:

"Let freedom ring! Political demagogues of the left say if you are old enough to fight, you are old enough to vote. But these politicians know very well a large percentage of these young people are not self-supporting and are, therefore, not taxpayers. Not paying taxes, they often don't appreciate the tax burden borne by others and so they are prone to vote more money to the politicians out of someone else's pocket. Many of our young people don't seem to realize that governments run on money, not love. Our would-be philosophers on television are constantly telling us that our society has become immensely complex. Yet the same pundits want to turn the decision making over to adolescents who have never had to earn a living. In all of history there has never been a society governed by inexperienced juveniles, many of whom are still in school. Can anyone really believe that this would be a wise course? America is losing a war against North Vietnam, a poverty-stricken, unindustrialized jungle country, and our economy is on the edge of disaster. If adults can botch up a country this badly, just imagine what the teenagers can do. The Constitution of the United States points out in several places that voter qualifications are a function of the states, and so the proposed voting law to infranchise the rock and roll set is clearly unconstitutional. But as George Scarler said in 'Review of the News', 'The most pressing

"Let freedom ring. From Mr. Jesse Helms of WRAL TV, we quote, 'Law enforcement officers around the country are entitled to be resentful towards a campaign to portray all police as brutal and unfair. The hippies and militants object to the police because the police are doing their job and the public had better take time to be thankful that the police are still around to do it! Every so often there is a ray of hopeful light, an ever so small indication that perhaps some of the noisy rabble rousers may be coming to their senses. We noted a wire service story recently which reported an incident involving a former member of an outlaw motorcycle gang in California. This gang member had been a long-time enemy of the police. He had been in jail frequently and delighted in calling the police 'pigs'. All that changed, however, when the gang member suddenly found that he needed the police one day. Police were called when the gang member's 8-year-old daughter was dying and he was in a state of hopeless confusion. A patrolman arrived on the scene in time and by applying mouth-to-mouth resuscitation, the officer managed to save the baby's life. There was an immediate change in the gang member's attitude. 'I owe my baby's life to this police officer', he said, 'I just wish there was some way to repay him. The only way I can try is by starting to live my life like maybe I should

have all my life'. Then this gang member said this: 'If I'm ever arrested again it will be for assaulting somebody who badmouthed the police. From now on if they are being shot at I'll stand in the way of the bullet and I even wouldn't do this for my own brother'. So score one, not only for the police officer who did his duty, but for this one-time free wheeling cop-hater, the one who used to call the police 'pigs'. This one-time hippie was honest enough to admit what a mess he was making of his life and to state a determination to make a good citizen of himself. That took guts, something the vast majority of hippies, draft dodgers and militants haven't got. Let freedom ring."

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on April 27, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! House Bill 3495 has been introduced in the State Legislature by Representative Lewis Earl, calling for fluoridating all drinking water in the State of Florida. In considering the bill, the House Health and Welfare Committee voted to deny the privilege of deciding by referendum whether or not you want fluoridated water. Powerful interests are attempting to ram this measure through the legislature before its pros and cons are debated and before the public becomes aware of this dangerous proposal. We repeat - dangerous! Far from being harmless, fluoride is a poisonous chemical. Promoters of fluoridation admit that it will retard decay only in the teeth of children up to 12 years old. Scientific experiments have shown that this can be done with 80% effectiveness by eliminating the amount of candy, soft drinks and sugar consumed by children, who drink little water. By contrast, chemical fluorides are only 65% successful in reducing tooth decay. Dr. Charles G. Hyde, former president of the American Medical Association, has said, 'I'm appalled at the prospect of using water as a vehicle for drugs. Fluoride is a corrosive poison that will produce serious effects on a long range basis'. In the face of this testimony by an eminent authority, how can the Florida Legislature seriously consider foisting fluoridation on their constituents, particularly without their knowledge and consent. An aroused public should protest this un-American procedure. House Bill 3495 may be called up for a vote any day in the Florida House of Representatives. You are urged to oppose this measure at once by

LET FREEDOM RING

A recording of the message entitled, "Let Freedom Ring" was obtained on May 4, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373:

"Let freedom ring! One of the most blatant schemes for putting the American people under an international communist dictatorship is the Genocide Treaty. For 17 years the Senate has rejected this invitation to disaster, but now that we have an administration completely dedicated to world government, rather than constitutional American government, the leftists are pushing again for ratification of the Genocide Convention. The Genocide Convention, passed by the United Nations in 1948, would enable foreigners operating under the authority of the United Nations to intervene in our domestic affairs and haul Americans before a foreign court for alleged crimes against a race. It is interesting to note that all communist delegates in the UN voted for passage of the Genocide Treaty, so it shouldn't surprise anyone that the rules of the convention, which could lead to the forced removal of an American to a foreign court, do not apply to the communist countries. It is no secret that the UN and, therefore, the so-called World Court, is dominated by communist countries and their agents around the world. In fact, the U. S. representative to the World Court, Philip Jessup, is, himself, a notorious communist supporter and a security risk. How would you like to be hauled up before a court like this for making unfavorable statements about a so-called racial group, such as the Black Panthers? Does this sound

preposterous? This sort of political persecution could happen if the Senate ratifies the Genocide Convention. The American Bar Association recently took an official stand against the Genocide Convention. In spite of this, the sub-committee of the Senate Foreign Relations Committee is now holding hearings on this treaty. The purpose is to get quick approval and have the treaty voted on by the Senate. Please write to the Florida Senators, Spessard L. Holland and Edward Gurney, and urge them to vote against the Genocide Treaty. Let freedom ring!"

A recording of the message entitled "Let Freedom Ring" was obtained on May 12, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373:

"Let freedom ring. How would you like to be hauled up before a foreign court to be fined or sentenced to jail for making an unflattering remark about the Ku Klux Klan? This could happen if the Genocide Treaty, now under consideration in the Senate, is ratified. The 6th Amendment to the Constitution of the United States guarantees every accused American a jury trial in the state and district in which the alleged crime was committed. If this U. N. international law is allowed to supersede your guaranteed right to a local trial, then the Constitution of the United States will be dead. This Genocide Treaty is a suicide treaty for the United States and it was planned that way. As with most U. N. laws, we are expected to observe them, and the communist countries are not. Can you imagine Brezhnev allowing Khrushchev to be extradited to a World Court for his genocide of millions of Ukrainians, or Mao Tse-tung for the slaughter of twenty million Chinese farmers? The U. N. has repeatedly refused to take action against some of the greatest criminals in history; criminals of such bestiality that they make Genghis Khan look like a faith healer. Do we want to submit to the authority of a court that was created by and is controlled by our worst enemies? The Genocide Treaty refers to crimes against national, ethnical, racial or religious groups. Dean Clarence Manion says, 'Every injured party in every criminal

"Let freedom ring! One of the greatest mass hysterias ever to grip this nation is the current screech from the press, radio and TV about so-called over-population. Typical of this hysterical reporting and terrorizing of the people with outlandish statistics is Newsweek magazine. Newsweek says by the year 6000, humanity will be a solid mass on earth, which is expanding into space at the speed of light. Life magazine, perhaps not as clever as Newsweek, which sees 4000 years into the dismal future, looks ahead a mere 1000 years and tells horror-stricken Americans, 'People will be jammed together so tightly that the earth will glow orange-red from the heat'. One famous scientist, mesmerized by his own statistics, says that the time will come when men will have to kill and eat one another. Out of this frenzy has come some amazing reactions and proposals, such as mass sterilization of women, severe penalties on unauthorized pregnancies, and an attack on the family as 'Public Enemy # 1'. A British anthropologist made the amazing statement recently that, 'Far from being the basis of the good society, the family is the source of all of our discontents'. What is the evidence to back up these incredible statements about the population and the totalitarian solutions proposed for so-called over-population? As we shall

"Let freedom ring! Where does one find over-population today and what causes it? No matter whether a country is crowded or not, over-population exists when there isn't enough food and shelter available for the people. Throughout history and today over-population, which really means starvation and famine, exists only in socialistic and communistic countries. Governments, not nature, have always been the primary factor causing starvation or so-called over-population. Prachun (phonetic), in his great study on hunger, found that hunger or over-population was caused by government restrictions, defective farming and taxation, that is, (1) Government restrictions on cultivation and the willful destruction of crops; (2) Defective farming due to socialistic and communistic controls of land; (3) taxation, supposedly for the welfare of the people, and government regulation and destruction of the money system, such as inflation and economic busts, as practiced by America's federal reserve system. You will note that droughts and other weather phenomena, and over-population are not listed as major causes of famine. Thanks to socialism, welfarism and communism, or liberalism, and hunger inevitably go together. Even in the United States where so-called over-production used

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on June 1, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! We stated last week that so-called over-population is caused by Government liberalism, socialism, and communism. Communist governments, such as Russia, and socialist governments, like the United States, not only prevent the production of enough food by excessive regulations, but they also encourage the over-breeding of the most incapable and unproductive segment of every racial group in the country. Surprising as it may sound at first, the Federal government is actually committing genocide against the American Negro. After the Negro was freed from slavery, he had 36 years of freedom and his birth rate declined. But with the New Deal of Roosevelt, the Negro was reinflamed by government welfare programs, which encourage reproduction by the worst elements of the race. By 1965, more than half of all Negro children were under Federal or State aid and the situation has gotten steadily worse. The Negro who works is forced, along with the white, to support this ever-expanding hoard of shiftless and incompetent people. This is genocide with a vengeance; a Federally-financed breeding down of a race. History shows that this socialistic breeding down always leads to so-called over-population. It's not that there are too many people; there are just too many that will not work living under a socialist system that penalizes those who will work.

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on June 8, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! Is there a population explosion? Russia, France, Australia, Canada, Japan and much of Asia are experiencing a declining birth rate. Scotland is declining in population and so is Ireland. Yucatan has gone from crowded to empty in the past 500 years. In the U. S., the birth rate is declining, as it is in most of Europe. Yet we are told by liberal scientists and politicians who want an excuse to control who has how many babies, that we are about to crowd each other right off the earth. To point out the absurdity of statistical projection fed to us by professors and doomsday TV commentators, Mr. J. R. Rushdoony (phonetic) comments, 'Biologically, mice are capable of multiplying so rapidly that in a few months they could cover the earth to a depth of six feet and oysters could also do the same, but they don't'. Through guesswork, dreaming and copying each other's contrived statistics, the so-called experts and Calamity Janes have convinced each other that over-population leads to hunger and misery. If they are correct, then why is Formosa so prosperous and China so poor? Formosa has a population density five times that of China, with only 1/7th of an acre of crop land per person. Rich and energated Japan has over twice the population density of poverty-stricken India. Modern Holland has a population density over twice that of India and four times that of China. These figures would indicate that

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on June 15, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! The tragedy at Kent State University has been made to look like a case of irresponsible soldier brutality against innocent students, but, as usual, the TV and press reporting has been one-sided, distorted and prejudicial against law and order. There is evidence to indicate that the Kent State shootings were as carefully planned and executed as a classical communist-directed assassination. The far left, anti-American peace movement was running out of steam and the gullible campus puppets were getting bored. In fact, the pro-Viet Cong movement was in so much trouble that the Washington office was closed for lack of funds. President Nixon's Cambodian adventure may shorten the war, but it also helped to strengthen the pro-Viet Cong campus movement and bring us to the brink of open communist revolution here at home. The Kent State tragedy was the inevitable outcome of years of campus indoctrination of students by Marxist professors, weak college administrators who failed to deal sternly with lawbreakers, and a Nixon war policy that allowed Americans to die, but not to win in Southeast Asia. Newscasters seemed surprised that an open communistic outbreak could take place at little old Kent State. The American people would not have been surprised if they had been told by these same newscasters that

only two weeks before the shootings, Marxist revolutionary Jerry Rubin was at Kent State and urged students to overthrow the government and kill their parents. Instead of blaming the shootings on the 30 soldiers who were literally defending their lives against a screaming mob of crazed students who were apparently out to kill them, why don't the TV and press tell you the rest of the story? More on student revolution next week. Thank you for calling. Let freedom ring!"

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on June 21, 1970 by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! June 26 is the Twenty-fifth anniversary of the signing of the United Nations Charter. Extensively founded to promote world peace, the U. N. has been a dismal failure. In spite of this, it has reason to celebrate its anniversary and President Nixon is blindly cooperating in this. On May 23 he recommended a treaty calling for all nations to renounce their rights to the natural resources in the ocean beds of the world in the form of chemicals, oil, and minerals. The plan is for this limitless well to be plundered by the United Nations. For years, the U. N. has carefully baited this trap to save itself from bankruptcy. It is now being sprung on an unsuspecting American public with no knowledge of the consequences. For the untold treasure and the ocean floor at its command, the United Nations will implement programs as planned from the beginning. The first step will be to initiate socialistic projects and back with countries all over the globe which would be a giant stride toward a world socialistic dictatorship. Another prime objective of the United Nations is to have its own Army to police the world. Until now, this has been impossible because of lack of funds. With its new legacy, the U. N. could maintain an Army on every continent. This will mean foreign troops on American soil after our protective military establishment has been dissolved and disarmament talks with Russia. Another result would be the U. N. takeover

A recording of the message entitled "Let Freedom Ring" was obtained on June 28, 1970 by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! For eight years, Let Freedom Ring has been warning that America faced revolution and terror, and now it is upon us. As Dr. Medford Evans said in the May issue of 'The American Opinion' Magazine, 'Institutions which the nation has so long revered are rotten at the heart. They have become an intellectual slum where the academic course of learning has become the torch of arson.' An example of the incredible rottenness of our universities is Smith College which has long been considered as one of America's best institutions of learning. Professor Sidney Hook was wrongly hissed by the lady savages at Smith when he suggested that protestors could be more effective if they marched behind the American flag instead of that of the Viet Cong. These same Marxists students at Smith broke out in thunderous applause when Dr. Hook described Viet Cong atrocities against Vietnamese patriots. Unbeknownst to most parents, many faculty members, and college presidents have led this plunge by students into revolutionary insanity. The president of Bryn Mawr College, an expensive playpen for girls in Black Panther devotees, said in 1968 that our chief danger in college was not civil disobedience, but undue obedience to law.

With college presidents speaking so irresponsibly, is it surprising to see students engaged in open insurrection against the U. S. Army or at Kent State? A writer in the 'London Sunday Telegraph' recently said, 'It is silly enough for students to claim to run the universities but they are now claiming to run American Foreign Policy such as the really terrifying escalation, not of the war, but of the movement against the war.' LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on July 6, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! For over 30 years the promoters of fluoridated water have been propagandizing the American people with false claims and doctors' statistics. The original experiments in Newburgh, New York, and Grand Rapids, Michigan, were a dismal failure. It was found that fluoridation of water merely delayed the onset of cavities in children. Many of the children paid a tragic price for delayed cavity formation - permanent pitting of the enamel of their teeth. The next time someone tells you that you should have fluorides in your water, ask him about the Newburgh, New York, experiment. It was such a fiasco he will probably drop the subject. The U. S. Public Health Service clearly stated in 1945, 'Newburgh has become another biological experiment station in which fluoride is applied directly to humans without previous laboratory experiments in animals'. If any pharmaceutical company used this Nazi tactic, they would be crucified, and rightly so. Yet the U. S. Public Health Service admits that it has been using American citizens as experimental animals. The Food and Drug Administration admitted the danger of fluorides when they were asked about the advisability of adding sodium fluoride to table salt. They replied, 'We would consider the addition of sodium fluoride to table salt as a violation of the Federal Food, Drug and Cosmetic Act'. Yet they look the other way when the Public Health Service, misguided dentists and politicians force you to ingest this dangerous chemical in your water supply. Is there any connection between the

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on July 13, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! Dr. Frank Bull, speaking before the 4th Annual Conference of State Dental Directors, in June 1951, said, "We have told the public that fluoridation works. We can't go back on that." Isn't this a strange attitude for so-called scientists to take? The implication is that even if fluoridation were proven to be worthless, and even dangerous to health, the American people must continue to drink it in their water because the promoters, including a large segment of the dental profession, don't want to admit their terrible mistake. Dr. W. C. Armstrong, a biochemist at the University of Minnesota, stated that decayed tooth enamel contained less fluoride than healthy enamel. On the basis of this one obscure point, the aluminum industry promoted a panacea, a highly toxic waste product which was almost impossible to dispose of because of its persistence in soils and water supplies. It could now be dumped into the public water supply at a profit. Later, Dr. Armstrong repudiated his own earlier findings, as did others. But the fluoride zealots marched on. Dr. Alfred Taylor, of the University of Texas, reports that cancer prone mice drinking fluoridated water tend to develop cancer at an earlier age than those maintained on fluoride-free water. The data indicated the drinking water with as little as one part per million fluoride shortened the life span of the mice an average of 9%. Although this doesn't prove

Therefore, this would seem an appropriate time to reassess the organization and to review its records. How many people have read the United Nations charter? All too few. How many of our legislators, both in Washington and in the State capitals, are aware that the United Nations charter has supplanted our revered Constitution as the supreme law of the land? How many know that a majority of the most controversial and unconstitutional decisions of the Supreme Court in recent years have been made because of the United States' obligation to conform to the dictates of the United Nations charter? How many realize that our commitment to the United Nations is the basic reason for our no-win wars in Korea and Vietnam? Who can cite an instance prior to U. S. membership in the U. N. when the country took up arms for any reason other than victory? The younger generation, which has been nurtured in its schooling to esteem the virtues of the United Nations, is totally unaware that its architects included Alger Hiss, an identified Soviet agent, and others with equally unsavory credentials. Throughout its quarter century history, this satire of international intrigue has proven it is completely subservient to the dictates of the Soviet Union. Russia has used its veto over 100 times to thwart any constructive action by other nations in the interest of world peace.

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on July 27, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! Since 1962, an American company, with its own capital, has been developing the technology to extract minerals from the ocean floor. Now that the process has been perfected, the United Nations wants exclusive control of the world's oceans below the depth of 650 feet. In other words, the United Nations seeks to plunder the wealth in the ocean bed in the form of minerals, oil and chemicals to bail itself out of its threatened bankruptcy and to perpetuate itself forever. It is counting on public apathy and indifference to consummate this scheme. The administration, instead of protecting the rights of American free enterprise, has capitulated to U. N. pressure. On May 23rd, President Nixon proposed a treaty calling on all nations to renounce their claims to the natural resources in the oceans and to transfer dominion over this vast wealth to the United Nations. In the statement, he said, 'Agreed international machinery would authorize and regulate exploration and use of sea-bed resources beyond the continental margin. This would be a fitting achievement for the 25th anniversary of the United Nations.' This would actually be the greatest steal in all history because of the vast wealth to be derived from the ocean. United Nations manipulators are already planning to squander these riches in backward countries all

over the world. In addition, the United Nations would remove from the hands of American interests the important science of oceanography. It could also achieve its aim of creating a world police force with foreign troops on American soil to crush dissent. Liberals are strongly promoting the proposed ocean regime, under the control of the United Nations, as another step toward the destruction of U. S. sovereignty and the imposition of a one-world government. Concerned Americans must protest United Nations confiscation of the wealth in the sea-beds of the world and ask President Nixon and our senators which has the first claim on their allegiance - the United States or the United Nations? Thank you for calling. Let freedom ring!"

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on August 3, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! Let us talk about planned famine and the great boycott. Cesar Chavez, head of the United Farm Workers of California, has been deified by the news media. Most of us first heard about his grape strike on September 20, 1965, when his pickets first appeared in Delano, California. There were no farm workers among the organizers of the strike. At the start, the strikers proclaimed that it was a civil rights cause. Apparently the Federal government believed them because Chavez' union was given \$267,000.00 by the so-called Office of Economic Opportunity. All over the United States and even worldwide, people, whose only source of information is the news media, have been persuaded to believe that the great boycott is concerned with a labor issue. The fact is, in order for Chavez' union to get a labor contract signed, they had to go over the heads of the farm workers and find growers who are willing to deal directly with the union; growers who were willing to sacrifice the rights and freedom of the farm workers. Cesar Chavez has long since enlarged his activities from just the grape workers to all agricultural workers. On May 22, he announced plans for a general farm strike. What has all this to do with planned famine? Consider this.

Just one area of Central California, the San Joaquin Valley, produces 47% of the entire nation's fresh fruit and vegetables. Fresh produce doesn't keep - it rots. Thus, both the boycott and the planned general agricultural strike determine whether there will be food for you and at what price. Protect your right to buy food and the farm workers' right to produce it. Don't support these boycotts. Next week we shall talk more about the efforts of the Communist Party, USA, to unionize farm workers as a necessary part of planned famine. Thank you for calling. Let freedom ring."

A recording of the message entitled "Let Freedom Ring" was obtained on August 10, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! We continue our discussion about planned famine and communism's interest in Cesar Chavez and his grape boycott. According to the 14th Report of the California Senate Factfinding Committee on Un-American Activities, published in 1967, the communists have sought since 1929, to unionize California farm workers. From 1929 until April 1, 1935, when 8 of their leaders were convicted and sent to prison, violence spread all over the state and a large segment of California was embroiled in communist-inspired and communist-scheduled strikes. Cesar Chavez was trained by the self-proclaimed revolutionary Saul Alinsky. Chavez admitted in an article in the July 1966, issue of 'Ramparts' magazine that he wants to 'Use the force of the farm labor movement to correct a lot of things that are wrong with this society.' The communists have been openly and continually interested in the grape boycott movement. Chavez has had the support of leaders of the New Left and the Communist Party, USA. In 1966, an article in the Soviet newspaper, 'Pravda', featured his revolutionary movement. The California Factfinding Report lists many identified communist-front groups and individuals connected with these groups who were actively associated with the grape boycott movement, such as Sam Kruschner, the feature writer for the communist paper 'People's World'. Why would the communists be interested in the grape

LET FREEDOM RING

A recording of the message entitled "Let Freedom Ring" was obtained on August 17, 1970, by dialing St. Petersburg, Florida, telephone number 896-1373.

"Let freedom ring! Rock concerts seem to be increasing in popularity and are often even sponsored by local government and local businesses. Almost everyone recognizes the dangers of drug abuse, both to the individual and to society. But few realize the connection between rock music and the so-called folk band and drugs. If they did, parents and others sympathetic to the desires of teenagers would not be demanding a place for them to congregate in parks or elsewhere to listen to what is innocently termed 'their music.' One has only to read the accounts of the popular rock festivals to become aware of their degrading influence. This is not accidental, for the names of the bands and the lyrics of the songs are highly significant. Unfortunately, few besides the producers and promoters of such music and the young people themselves, realize its significance. It has a highly hypnotic effect on the listener and creates the background and culture in which teenagers live. It conditions them to the acceptance of drugs and to rebellion against accepted standards of family and society. Parents and civic leaders should read the accounts of the rock festivals, study the names of the bands and the words of the songs. If they find them bewildering and incomprehensible, translations and interpretations are available from 'American Opinion', Belmont, Massachusetts, 02178, which has some of the most authoritative information available on rock and

"Let freedom ring! From an article by Dr. Ross Toole, we quote:

"I am 49 years old. It took me many years and considerable anguish to get where I am. I was nurtured in depression, I lost four years in war, I have had one coronary, I am a liberal square and a professor of history at the University of Montana. I am sick of the younger generation - hippies, yippies, militants and nonsense. Worse yet, I am father of seven children and I am tired of being blamed and contrite. I am tired of tolerance and reaching out for understanding. I am sick of the rationality of the campus rebel, with his bearded visage and the tyranny of spoiled brats. It is time to call a halt and put these people in their places. We owe the younger generation love, protection to a point, and respect when they deserve it. We do not owe them our souls, our privacy, our whole lives and, above all, we do not owe them immunity from our mistakes and theirs. Every generation makes mistakes. We have had our share, but my generation has made America the most affluent country on earth. Its greatest mistake is its pusillanimous capitulation to its youth. By virtue of what right or accomplishments should thousands of teenagers become the sages of our time? I assert that we are in trouble with this younger generation, not because we have failed our country,

This situation is now so serious that drugs are in some areas the leading killer of Americans in the 15 to 34-year-old age group. In New York, for instance, 900 young people died last year from herion overdose alone. Dr. Harland Jones, of the Dow Laboratories, who is an authority on the drug problem, says quote 'that there were, between 1965 and 1967, 27,000 deaths in the United States caused by drug usage.' Dr. Jones said, 'These statistics on drug users are staggering. Probably one hundred thousand young people have been killed by drugs or by the hazards encountered while on hallucinatory trips. Greater numbers have been converted into mental cripples, unable to break the continuing irrationalities which probably result from major disruption of the brain's memory banks. Ironically, some who support the drug culture say that they are using drugs to protest the Vietnam war; yet, the numbers killed or maimed by drugs are probably very much greater than those of the same ages killed or maimed in Vietnam in the same period of time,' unquote from Dr. Harland Jones. "Let freedom ring! Is there a communist plot to destroy America by making narcotics addicts of our young people? So-called liberals will laugh at you for saying so. But liberals have always had trouble seeing the obvious. According to narcotics experts, more than five million acres of land in starving Red China are now devoted exclusively to intensive cultivation of narcotics poppies. Russia and China know that pushing dope in America is the ideal way to destroy us while enriching themselves. While the use of narcotics is severely punished in Red China and Red Russia, they are exporting it by the tons to America's youth. At retail, a pound of herion will bring \$225,000, which makes it far more valuable than gold. In fact, it has been estimated that Red China makes from its narcotics sales, an annual profit equivalent to 400 tons of gold. If this continues, communist China should become one of the wealthiest nations in the world, while we become one of the poorest, both morally and financially. Experts have warned us, but the so-called free American press has concealed the facts and cleverly glamorizes the use of drugs. Dr. Lois Higgins, an Illinois narcotics expert, said almost ten years ago that narcotics addiction was 'A communist weapon to destroy the young manhood of the free world.'
